

# Golf Digest

Dear Woody,

I want to congratulate Pete's Golf on its inclusion on *Golf Digest's* list of America's 100 Best Clubfitters for 2015/16.

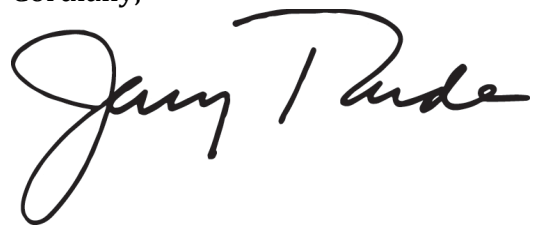

The list is featured in May 2015 issue of *Golf Digest*, which landed on newsstands April 14, and online at [golfdigest.com](http://golfdigest.com).

The America's 100 Best Clubfitters list represents our picks for the best places in America to get fit for equipment. Not only do these facilities offer an array of brands, they have the technology and expertise to make club buying a thoughtful process. And that's the first step toward real improvement.

Our process for determining America's 100 Best Clubfitters involved three criteria: (1) The location must be accessible to the public. (2) There must be access to clubs made by top manufacturers. (3) The fitter must receive high recommendations from our America's 100 Greatest Golf Courses ratings panelists and industry sources. We also asked facilities to complete a survey detailing their resources, expertise and methodology. Our judges considered and evaluated more than 700 leading fitters before deciding on the 100 Best.

Please extend my congratulations to your entire staff.

Cordially,

A handwritten signature in black ink, appearing to read "Jay Pude". The signature is fluid and cursive, with a large initial "J" and a long, sweeping underline.
